LOOKING FOR A QUALIFIED
PROPERTY MANAGERS IN DUBAI?
NEED AFFORDABLE PROPERTY

MANAGEMENT IN DUBAI FOR LANDLORDS AND TENANTS??

Our passion is property. Here at Key One Properties management, we offer tailor-made services to match your requirements. We are a mobile office that offers property management solutions in all freehold areas of UAE.

WE ARE DIFFERENT. At Key One Properties we do things differently. We understand that in many cases, your rental investment may once have been your home. That means it is even more important for us to find a tenant who will look after the property just as well as you did. It is our commitment to qualify every tenant that we place in your property.

Once we have found you a tenant that you are happy with, our Property Managers in Dubai and Maintenance Team will make sure your property receives the highest standard of maintenance throughout the life of each tenancy. We found a perfect balance between positive cash flow, and positive experiences for tenants and for owners. Pricing is flexible so we can work with budgets of all kinds. For any Property management services in Dubai, please contact us to offer a custom experience that works for you.

After a full property management service we can still help you!

Key One also Offer:

Free Casual Letting for owners who manage their own properties – this includes a pre-inspection of your rental property with photos when we let the property.

Inspection Only Service for owners who manage their own properties but

just do not have the time to do routine inspections (can choose every 3 months, twice a year or yearly).

Tribunal Assistance is for owners who require help with organizing and attending tenancy tribunal but who wish to continue managing themselves.

Property Care Services for owners who utilize their property as vacation home. We will make sure your property is ready for your arrival and will take care about all property related aspects during your absence.

Recent Properties

We know you don't need to find a perfect house, you want a perfect home. Key One Property management company is here to help you find a place that is right for you, so you can move in without settling for the second best.
